

# MATERIAL/MANURE SCRAPERS

MS60 | MS72  
MS84 | MS96

**WORKSITE PRO™**

COMMERCIAL WORKSITE PRODUCTS

SPECIFICATIONS

# MS60 / MS72 / MS84 / MS96

- Push or scrape manure, mud, light snow, or other wet or sloppy materials. Rubber cutting edges are ideal for work on hard surfaces such as concrete and asphalt.
- Standard pull-back edge works well for cleaning out corners and difficult-to-reach places.
- Bolt-on replaceable rubber edges are easy to change and reversible for twice the life.
- Like all Worksite Pro™ attachments, these scrapers are optimized to work with John Deere 300-Series Skid Steers and Compact Track Loaders, and are compatible with most competitive models. See your local John Deere skid steer dealer for details.

	MS60	MS72	MS84	MS96
